Renew Work on Widening of Indian Ave.

Curbs to go in at North and South Ends of Project

Work was started this week on curbs for a wider Indian avenue, according to City Manager Russell Rink who has been seeking some immediate action on the part of the J & S paving company to get the job done and the street completed. Paving starts as soon as the curbs are complete.

Work started at the north end at Alejo and at the south end at Ramon and will proceed toward the middle which is in litigation.

IT IS HOPED that by the time the north and south sections are completed, the portion of Indian avenue in contention will have been settled.

The case comes up in federal court February 4th and will be heard by Judge Ernest A. Tolin.

In litigation is the portion of Indian avenue between Tahquitz drive and Andreas which runs along by the Indian Baths. Attorney O. O. Clark, representing some of the Indians, wishes the city to divide the road at this point and make an island of the Indian Baths.

PLENTY IS PLENTY
Into every life some rain must fall.
So I recall the quote.
How much is 'some' I want to know.
Enough to float a boat?

Personally, although I love rain because of the way it cleanses the air and paints the lawns and shrubbery green, I'd just as soon let the usual weather return. Besides, think of those traffic jams in the morning. Bottlenecks, his record was broken. He found some items missing from his own car, parked far in the rear. But someone gave him a description of two men loitering in the far corner of the lot. In 20 minutes they were in the hands of the law, this time in the guise of K. K. Youngs.

FERREL WRATHALL has been with George Strebe at his Doll Houses for the past two years and between here and Balboa, figures he has handled 50,000 cars. (He takes care of the parking). In all that time not one of the cars in his care has been clouted, as the police call it. Last Saturday night, around six o'clock, his record was broken. He found some items missing from his own car, parked far in the rear. But someone gave him a description of two men loitering in the far corner of the lot. In 20 minutes they were in the hands of the law, this time in the guise of K. K. Youngs.

RITA, the girl who adds a decorative touch to the business of office, has received many odd telephone calls while here. But one of the oddest came this week. A woman called and wanted the number of the fire station. She was asked to call information. "But I don't want to," she said, "I've called them enough this morning." I hope she wasn't having a fire. Russell Rink, city manager, has prepared a chart showing the course of authority at the city hall. And who do you think he has at the very top, the source of all authority? You, the voter. So now you know where you stand. Go down and tell 'em all where to head in.

HERE'S AN IDEA for our local realty men. On Foothill boulevard (on the way to Santa Anita) there's a real estate office. With a big sign: REALTORS. I suppose it's a

Playhouse to Open Season Next Tuesday

"Light Up the Sky" opens Palm Springs theatre season at the Playhouse Tuesday night, January 22, with a big formal first night audience which promises to be the most brilliant event of the season. Producer Herb Rogers said yesterday that the first night is already a sell-out for the Moss Hart comedy.

The opening of the theatre season will be the signal for a formal dinner for which Mr. and Mrs. G. K. Zain will be host and hostess at the Tennis Club in honor of the players and producer Rogers.

TWO NEW COMERS to the Playhouse cast are flying out New York. Elsbeth Hoffman man who has played in over 30 Broadway plays and Peggy Walker, another talented young actress, Marion Waters, a star of last season, is under contract in New York and will not be back this year. Other members of the cast include David Bruce, Bernard Hughes, Helen Stenborg, Christy Palmer, George Womack and Eddie Collins. Director Michael Ferrall is currently in rehearsal with "Light Up the Sky" after which the company starts the next offering, "See How They Run."

Producer Rogers, inclined to be pessimistic about Palm Springs reception to legitimate theatre, admitted yesterday that the enthusiasm evidenced by the community this year justified the headaches of former seasons. Rogers said yesterday that patrons should make reservations in advance for the nights they will attend the plays by calling 5102. Opening night will be formal after which the Playhouse will return to its atmosphere of pleasant informality.

Desert Bar Asks Board for Indio Municipal Court

Rex Hardy, Palm Springs attorney, representing the Desert Bar association, appeared before supervisors Monday and requested the board to authorize sessions of a municipal court for the Coachella Valley. He explained that the proposed court would be of great convenience in handling cases involving from \$500 to \$3000. At present there is no court in the area authorized to handle such cases which must be taken to municipal court in

Chairman Hardy Says \$27,386.35 in Chest to Date; To Contact 2000 Local Families

Community Chest coffers held \$27,386.35 in cash in the bank and pledges as of yesterday, according to campaign chairman, Rex Hardy. Hardy said \$1,554 of this sum is outstanding in pledges collectable in January and February. Chairman Hardy called a halt in the campaign over the holidays and met Tuesday with Community Chest directors to resume operations on the \$9,000 still to be collected to meet the '52 quota.

Desert Superior Court to Begin Sessions Feb. 4

Sessions of Riverside county superior court at Indio, long sought by desert residents, will begin February 4, it was announced by O. K. Morton, presiding judge, at Riverside Monday.

Cases arising in the desert area will be assigned to the Indio court, saving litigants many miles of travel. The court will be in session during February, March and April with Clarence L. Kincaid of Los Angeles county on the bench.

The court was promised the desert area by Judge Phil Gibson, chief justice of the state supreme court, when he met members of the Desert Bar Association, county judges and supervisors here recently.

Judge Morton said that county residents from Blythe to Banning would have access to the fourth department of county court on the desert even after Judge Kincaid leaves. "Whenever the need arises," he said, "We will hold court sessions in Indio."

He said that nine civil cases originating in the desert had already been assigned to Judge Kincaid's Indio court.

Samish in Town

Getting the works in the Desert Inn Barber Shop this week was political negotiator, Arty Samish, who has a winter colony home in Palm Springs.

To the relief of the hard working Chest solicitors, the rest of the campaign will be wound up by mail.

Hardy presented this plan to the Chest directors saying that each resident who has not donated so far will be contacted directly by mail. There are about 2,000 families who have not contributed. "Five dollars each from these, and we're over the top," Hardy said, "and I think it can be done."

Red Cross Asks 350 Donors for Bloodmobile Visit

Red Cross workers were lining up volunteers to bring the Red Cross Bloodmobile to the Village February 13. It is estimated, 350 donors will be needed.

Plans for the campaign were outlined for the drive last week and 40 desert volunteers were lined up to list the donors.

General chairman of the drive is Frances Bigelow.

MARY ELLEN PANGLE, county Red Cross head, told the local meeting that all of the blood to be sent overseas to fighting men.

Working with the group to recruit 350 donors for the February 13 visit of the bloodmobile are Mrs. Hans Lauritz Hansen and Mrs. Madge Holderman, who will be in charge of the blood bank.

Telephone Service Here Made Target of Attacks

State Utilities Men Listen to Protest Flood

Installations Lag, Business Hurt, Gist of Complaints

Two members of the state public utilities commission today were studying an assortment of complaints against the California Water and Telephone company following a public hearing on telephone service in Palm Springs held at World Wars Memorial Hall Tuesday.

Approximately 50 persons were present to list grievances against telephone service here.

LEADING OFF was Col. Clinton E. Fox, manager for Palm Springs Employers' association, who spoke on behalf of 133 village employers all of whom, he said, wished to protest what they termed inefficient and inadequate telephone service in this area.

Attorney Hilton McCabe, secretary of the Home Owners League spoke officially for the residential group. He made a strong protest against service in this area which he said loses Palm Springs wealthy residents and visitors who are dependent upon efficient telephone service to keep in touch with Eastern offices during their winter vacation periods.

"THE INADEQUATE and inefficient quality of telephone service here is losing Palm Springs wealthy winter residents and visitors we want to keep," he said. "One can only interpret the situation as arising from the fact that the owners of the company are more interested in large dividends, than in ploughing back sufficient money to keep pace with the growth of this community."

M McCabe also said that he represented the purchasers of El Mirador, and wished to know how, if the present needs of the town cannot be met, the company expected to take on the extra load of the hotel operation.

BILL NASH, local manager, who was present at the hearing with Ted Fisher, a vice president of the company from Redlands, said that the local office had facilities for El Mirador, and that John Nelson had signed up for service.

Nash said that the hotel would have 20 trunk lines and 300 telephone stations.

Stanley Rosin, president of the Chamber of Commerce spoke for the Chamber, and as an individual and hotel owner, in protesting the quality of service given by the company here. The Chamber sent out a questionnaire to all members asking if the telephone service was satisfactory or unsatisfactory. Eighty-one replied unsatisfactory, and listed a number of reasons for the inadequate service. These were turned over to the utility commissioners, J. B. Balcomb, who conducted the hearing and G. W. Smith.

The total is \$515,542.18, he reported.

"The levy is one per cent. Last year showed the largest returns when \$134,443.66 was collected. Largest single month in the history of the tax to date was May, 1951, \$23,122.39.

Hired Attack on Ernie Dunlevy Proves Backfire

Popular man about town Ernie Dunlevy was the victim of a hired assailant early Sunday morning when he arrived at his home on Desert Way from an evening at La Quinta. Dunlevy was just opening the door when a masked man sprang upon him from the darkness and hit him over the head and face with a blackjack.

Dunlevy reversed the charges on his attacker, wrested the black jack from him, dragged him inside the house and beat him up. At a complete loss as to the why of the slugging operation, Dunlevy threw the would-be assailant out of doors and called police.

The PUBLISHER'S CORNER

SOME INKLING as to what sort of a platform the Republicans will present to the voters next fall came out of San Francisco last weekend when the California Republican Assembly adopted two score planks for recommendation to the Republican National committee which is meeting in the bay city this week. Of particular interest locally was the election of A. Ronald Button, Rancho Mirage resident and extensive property owner, as Assembly president, and the plank which calls for full citizenship for the American Indian and abolition of the U. S. Indian Bureau.

Of the many national policy reforms recommended, the one on foreign policy is of primary interest. Declaring that a strong, consistent foreign policy would have prevented the Korean war, the Assembly recommends that "appeasement of the enemy must stop. America's policy in the world must be strong, dignified and respected by other nations. We will protect our citizens and the interests of our country from arrogant blackmailing foreign countries."

The California Republicans believe that "we are carrying an unfair burden in the program of the United Nations" and they insist that "other nations of the United Nations assume their full share of carrying out any mandates undertaken by it against aggression." On the subject of foreign aid, the Republicans declared that "in furnishing aid to other countries we shall be guided by the principle that the need be demonstrated and that the countries show a willingness to help themselves."

Other planks in the recommended platform include:

- U. S. Senate approval of reciprocal trade agreements with foreign nations.
- Removal of all subversive individuals from the Federal payrolls.
- Return to the gold standard.
- Limiting the power of the Federal government to tax except in time of war.
- Approval of the people in an area where public housing or slum clearance is proposed.
- Relinquishment of tidelands to the States.
- Adoption of the recommendations of the Hoover commission.
- Abolition of the RFC.
- Statehood for Alaska and Hawaii.
- Adequate flood control development.
- Voluntary health insurance program with income tax deduction of premiums.
- On the subject of corruption in public office, the Republican Assembly had this to say:

"Corruption and shady practices of public officials can poison an entire citizenry. We will present honorable men and women for public office and we will keep our own house clean by removing any person, no matter how high his position, who breaks faith with the public trust."

The actual platform of the Republican party will not be adopted until the convention this summer. But the people will soon find out that the Republicans are going to have a program this year that is positive, aggressive and workable. It will give its supporters something they can get their teeth into. And that is just exactly what they want and need if they are going to win in November.

Picture Story of National Parks to be Told Sunday

Second in the current series of Audubon Screen Tours to be presented by Desert Museum will be shown at Frances S. Stevens school auditorium next Sunday at 8:30 p.m., Lloyd Mason Smith, director, said this week. Leonard Hall will present his colorful program, "Our National Parks." In his brilliant film, Hall takes his audience on a tour of our national parks and numerous varieties of flowers to be found in them; the forests of aspen, pine and fir; the animals and birds that reside there. Among the birds are scenes of the Water Ouzel that walks beneath the water on the bottom of streams, and among the animal shots are views of a rare albino bison.

THE UNITED STATES has the greatest national park system in the entire world, and thus preserves for future generations the magnificent scenery, grandeur and beauty of our most scenic wilderness areas.

The parks covered in "Our National Parks" range from Mesa Verde and the Grand Canyon in the Southwest, through Bryce, Zion, Sequoia, and Yosemite to Mt. Rainier and Glacier in the Northwest. Also included are

scenes of Crater Lake, Yellowstone and the Grand Tetons, as well as side trips to the Petrified Forest and various Indian villages.

LEONARD HALL, writer, sportsman, lecturer and businessman, was born and brought up in the Ozarks. He saw service overseas in the Navy during World War I, and later studied agriculture at the University of Wisconsin. Much of his life has been spent in the out-of-doors where through observation and experience he has gained a great store of wildlife knowledge. Today his articles appear in such national publications as "Field and Stream," "Outdoor Life," "Saturday Evening Post," "Life," and "Collier's." His narration, together with his colorful pictures, combine to produce a memorable and thoroughly enjoyable program.

A charge of 60c per person included tax will be made to help defray the cost on this outstanding program. Doors open at 7:30 p.m. No seats reserved.

Fireman's Ball Proves Another Great Success

Firemen hosted one of the great, jumping balls of fire Saturday night when they had their annual Fireman's Ball at the American Legion Hall. Ewing Parker played for a capacity throng of dancers who danced under "Fire Proof" paper streamers with which the hall was decorated. Everybody got a red fireman's hat and the affair was a great success for everybody who was there.

Visiting fireman M. Law from Morongo was awarded the prize, or rather his wife did, which was a \$50 war bond.

The party was given for the benefit of the Volunteer Fireman's life saving equipment. The Chief white jeep has been turned over to them for emergency life saving calls and funds raised will be used to purchase a resuscitator, stretcher and other needed equipment.

Fire Marshal Warren Heath said that all tickets had been turned in yet so that no estimate could be made on the funds raised through the party.

Chief Kettmann Denies Aid Asked

Chief of Police A. G. Kettmann yesterday denied that he had asked either Sheriff Carl Rayburn or District Attorney W. O. Mackey for assistance in handling the local situation.

Mackey substantiated his request with the statement, according to Riverside reports, that "police departments in the eastern end of the county had asked help."

Former Gillette Home Purchased by Geo. Machris

One of Palm Springs fine early days estate changed hands this week with the purchase of the old King C. Gillette home in Palm Canyon Mesa. The large hillside property includes the main residence and a number of guest houses. Purchaser was George Machris, former president and heavy stockholder in Wilshire Oil, with the seller, J. R. Cella. The transaction was handled through Showcase Properties, new real estate firm started this season by Jim and Esther Hammond.

Mr. and Mrs. Machris are residents of Pasadena and own the Caronia, largest sea going yacht on the west coast. The seller, Cella, is the retired wine merchant from Fresno of Cella Wineries.

The Gillette estate was built by the late safety razor king, King Gillette when he retired from active participation in the manufacture of the razors which revolutionized the morning shave of males throughout the world. His operations rendered this bushy beard obsolete in the U.S.A.

BEATER BEATEN—Carl Neal Helms, left, jailed for assault with deadly weapon, and arresting officer, Sgt. Durman Ordway. Helms asserted he was hired for \$50 to beat up popular bachelor Ernie Dunlevie. Dunlevie put the operation in reverse, secured the blackjack used by Helms in the surprise attack, and left his would-be assailant suffering from multiple bruises and contusions.

booked him on assault with a deadly weapon. Helms said that he had been promised \$50 to lay in wait for Dunlevie and attack him upon his entrance to the house.

He asserted that he had met a stranger called Steve in a local bar who asked him if he wanted to make \$50. Helms did want to make \$50 as he had come to Palm Springs for the weekend with only \$30 and had spent that his first afternoon in the bar. The stranger, whom he identified only as Steve, then told him that Louis Ritter, wealthy New Yorker, wanted to hire somebody to poke Dunlevie in the nose and would pay \$50 to get it done.

LOUIS RITTER, on hearing the Walter Winchell broadcast of

the fracas, called Chief of Police Gus Kettmann from New York and denied any connection whatsoever with the slugging. He said that he would fly to Palm Springs to prove it, if it required proof.

Following the attack, the mysterious Steve who had promised to wait until the assault was over and drive Helms back to town, drove speedily away when he realized that the plan had misfired and the victim had bested his attacker. Helms ended up in jail with a large number of painful bruises and contusions and no \$50. He is a salesman of refrigerating equipment and had no previous police record, according to police.

Dunlevie was Palm Springs first resident to get on Winchell's popular national broadcast this season.

Pipeline to the Clouds, Tale of Water, to be Shown Here

PIPELINE TO THE CLOUDS a color film produced by the General Electric company, will be presented at the Desert Museum on Monday, January 21st, following the regular Desert Geography lecture.

This timely motion picture shows the cycle of water, from its source in the clouds to earth and back to the clouds again. It traces the various avenues through which it reaches man for his use in industry and at home, showing storage facilities, the complex nature of the pumping plants and purifying systems, and giving pertinent data in regard to the rapidly falling water levels in many parts of the country. The tremendous amount of water needed for use in industrial plants and in irrigation is explained, and the need for protecting our sources of water supply.

The film, shown for the first time in October, has been presented at conventions of water companies all over the nation.

and will be shown here through the courtesy of the Palm Springs Water company.

HOUSING

dents of Palm Springs and employed here.

COMMENTING on the complaint Saturday, Harold West, a member of the housing commission said that the 42 vacancies stipulated in the complaint are buildings which have been vacated and dismantled to be sold.

and that the state directed the local housing authority to do this.

"If we are directed by the state to refurbish the rental units and prepare them for occupancy and withdraw the buildings from sale, we will do so. Applications for occupancy by Negroes on the reservation have been accepted and are being held pending available vacancies."

JAMES ANDERSON, secretary of the Southern California Na-

tional Association for the Advancement of Colored People made a statement several weeks ago that suit would be filed by NAACP in an effort to secure relief for Negro residents of the reservation who have evictions from their homes pending, due to condemnation by the state. These evictions were suspended until May through negotiations on the part of City Manager Russell Rink with the state authorities. However, as the con-

demnations were based on unsanitary conditions unfit for human habitation, apparently a deferment of the evictions was not acceptable to NAACP.

Anderson appeared at Wednesday night's city council meeting but did not mention that suit had been filed in superior court that afternoon in behalf of the petitioners. Anderson left the following day for Washington where he will take the matter of land for housing up with Oscar Chapman, Secretary of the Interior.

Villagers and winter visitors are turning their attention this week to the gala premier of the Palm Springs Playhouse, which will inaugurate its season Tuesday, when hundreds of patrons will turn out in formal attire for the event. The George Zains are completing plans to entertain about 90 guests at the Tennis Club, before the presentation of "Light Up The Sky." Cocktails in the Lanai room of the club will be followed by a buffet dinner in the Bougainvillea room, honoring the players.

The John Luccarini, the Bruce Burritts and Mrs. Horace W. Armstrong, all winter residents of Smoke Tree Ranch, will make up a dinner party at the Ranch before they attend the play. Mrs. Luccarini, a Playhouse patroness for several years, set a record for herself in getting subscription patrons for the Playhouse. The Burritts, long time winter residents, were hosts recently to a group of their neighbors and other colony friends, at a cocktail party.

Anniversary Celebrated

Observance of Mrs. Morris O. Anderson's birthday anniversary the past week end, occasioned a variety of entertainment, including a cocktail party in their attractive home on Linda Vista.

Mrs. M. O. Anderson

Guests of that party included Ben Hogan, one of the better known golf players of the country. . . Members of the golfing fraternity are greatly interested in the news that Ben will be golf pro at the soon-to-be opened Tamarisk Golf Club, of which Mr. Anderson is president. . . The Hogans are vacationing at Wonder Palms.

After the cocktail party Mr. Anderson gave a dinner for Mrs. Anderson, at Rogers Ranch and included among the guests a group of friends from their home city, Seattle. . . In the party were the Thomas A. Westons and Mr. and Mrs. Carl Williams from Seattle and the Robert Clarks from Beverly Hills.

Also included in the final day observance of Mrs. Anderson was the party at which she was hostess at the fashion show luncheon of the Tennis Club, and was being felicitated by friends she has known all of the eight years they have wintered here.

Members of Hidden Springs winter colony, Mr. and Mrs. John H. Kuhl from Los Angeles, gave a dinner this week in Hidden Springs Club, for Mr. and Mrs. Carlos Close. . . Formerly Mr. and Mrs. Close lived in Portland, Ore., where he was in the banking business, but now they make their home in California and are vacationing at Hidden Springs ranch.

When Mrs. Stewart Weiss entertained in her home this weekend she was introducing some of her Village friends to the Earl Finnings, recent arrivals from Vancouver, B. C. . . The Finnings are here for a winter vacation and are staying at Alcala Villa. . . Mr. Weiss will return to Palm Springs this weekend, after a business trip North.

Palm Desert winter colonists, the John O'Connors, gave a dinner the past weekend at Shadow Mountain Club for a group of friends who are on the board of Kate Crutcher's Junior Auxiliary to the Children's Hospital. . . In the party were the Bart McAllisters, Bel Air; Mrs. Audrey Butman, Beverly Hills and Smoke Tree Ranch; Mrs. John Murphy and Miss Mona Burnett, Brentwood; Mr. and Mrs. Henry James, Van Nuys; Mr. and Mrs. Robert Stevens, Mrs. Gerald Sheppard, Mrs. Gordon Stephens and Miss Katherine Theuer, all of Los Angeles.

Varied entertainment at which William and Vicki Malouf are hosts as well as guests is on their party agenda until they leave next week for Acapulco, Mexico, to attend a few gala events. . . While in the Mexican resort they will be guests of the Ralph Hemphills aboard their yacht, Sea Cloud, and the two couples will celebrate with a fiesta January 26, the wedding anniversary of the Maloufs and the birthday anniversary of Mrs. Hemphill.

When the Hemphills are not cruising on their palatial yacht they divide their time between their Beverly Hills home and the Balboa Yacht Club, also they come to Palm Springs occasionally and are house guests of the Maloufs.

En route back from Acapulco the Maloufs will stop in Mexico City to visit Mrs. Maria Luisa Figueroa, one of the social leaders of the Mexican capital. . . While there they also will have a reunion with the Chester Garfields, Mrs. Garfield being the former Blanche Bagnell of Los Angeles, home city of the Maloufs.

The past weekend the Maloufs gave a small cocktail party at home for the William Bannermans and their house guests, the Edward Smiths from Los Angeles, also the Jerome Holts, who came from Los Angeles to spend a week at the Rossmore Hotel.

Entertain for Willard Prices

Travelers who have visited many distant lands were guests of the Joseph C. Walkers when they entertained this week in their Village home, for Mr. and Mrs. Willard Price, recently returned from Japan, where Mr. Price made color pictures that are used to illustrate his travel talks.

Many artistic and interesting mementos of the Walkers' world tour of last year now adorn their home. . . Guests included Col. Edward A. Banning, who served with the U. S. Army in Korea, and Mrs. Banning, now Palm Springs neighbors of the Walkers; James and Mary Wolseth, who lived in China for years and are neighbors of the Prices in Cathedral City, and Mr. and Mrs. Martin Comeau from Woodstock, N. Y., where James Wolseth studied painting at the Art Center of which the Comeaus are among the founders. . . Other guests at the party who make travel their hobby, the Thomas Goulds, are wintering at Desert Lodge in Cathedral City.

Since the Prices were married twenty years ago they have spent much of their time traveling and visiting off-the-beaten-path places in Europe, South America and the Orient as well as in this country. . . They spent five years in Japan and made pictures for the National Geographic Magazine. . . Colored pictures that he made while on a sail-boat tour of Japan's Inland Sea were shown in connection with the recent talk he gave on that trip for the benefit of the Desert Art Center, and for which he received an enthusiastic ovation from the capacity audience.

Charles Doyle Hosts Party

Winter colonists of Hidden Springs Ranch as well as residents of other nearby resorts were among guests of Charles Doyle when he gave an impromptu cocktail party this week in his Ranch House. . . Mr. Doyle, who has lived in this area for many years, was one of the first residents and former owner of Smoke Tree Ranch, and friends from that area usually are among his guests when he entertains.

Celebrating the birthday anniversary of Mrs. Aline Blossom, Palm Desert, a dinner dance party was given this week by the Robert Kennedy Hansons, Palm Desert winter colonists from Pittsburg. . . Guests at the party, given in Shadow Mountain Club, included the hosts' son-in-law and daughter, Ralph Helm and Mrs. Helm, who was Roberta Hanson before her recent marriage, and Jean Harlow Bello, who now lives in Palm Desert.

Happy birthday greetings were in order when the Owen Churchills and the Ernest Paganos had a dinner Wednesday evening at the Tennis Club. . . The date was the natal anniversaries of Mrs. Churchill and Mr. Paganos.

Colorful Costume Party Finale to Gay 90s at SMC

No less colorful than the costumeing in the Gay 90s manner, which will be a feature of the Saturday night, January 19 party at the Shadow Mountain Club, Palm Desert, will be the program of amateur vaudeville acts, leavened by the grace of some professional acts and talent; all in the interest of fun.

As to the finale to an afternoon of ancient car racing, (open to the public) staged by Lindley Bothwell, president of the Horseless Carriage Club, and the members of his group, garbed in the presently considered outlandish attire of that era, activity will move from the Club's arena-track to inside the Club for an evening of fun and festivity.

Program for the evening will be headlined by comedienne Arlene Harris, featured on the Ina Ray Hutton KTLA-TV show, Los Angeles, and the star of two recently completed RKO motion pictures. She will do specialties of the kind that brought her fame on the Al Pearce, and his Gang, show. The fabulous John Mansur, textile manufacturer by profession, whose entertainment at society events in the east has earned him the sobriquet of "Mr. Party," will demonstrate his modern speed hypnotism.

The "Torch Twins," otherwise known as Elaine and Bill Mc-Lauchlan, II, will sing "Flaming Mamie," among other songs. Mrs. Edward Sergeant will do her clever impersonations of Sophie Tucker in the sultry mood of "I Ain't Got Nobody," and Gracie Fields; a song and piano combination in which Mrs. Sergeant excels.

The Barbershop Quartet will include Fred Nagel, Peter Ratican, Tom Brown and Hank Hudson, with musical arrangements by Brown.

Artist Jana, and Frances Goodrich will do a Gay 90's dance routine and sing songs of the "Underneath the Sheltering Palms" vogue.

"Two Skid-Row Dandies," are Clay Stearns and Tom Harabedian, in a hilarious hit that combines, of all things, tumbling and dancing.

Mr. and Mrs. Ronald Ellis, and daughter Ann, as a trio, will present "Tin-Type Tunesies."

"A Couple of Rag-Time Joes," with banjos, will be Allen Willard and Henry Escher.

Other acts are scheduled and being added. The finale will be something designated as the "Trombone Tympanums," said to be most effective, if somewhat fulsome to the ear, but a fitting climax to a day and evening of outstanding fun.

Palm Desert Sunbeams

By EDITH EDDY WARD

When Palm Desert first started most of the people who bought or built homes here maintained their permanent residence elsewhere and the desert home was secondary—a place to come on week-ends or winter vacation. Now the trend is changing—more and more people are planning their permanent homes here and taking an apartment in Los Angeles or wherever they came from and have to go back to for business reasons. Others, who have retired, have leased or sold their city homes, spending at least eight to ten months on the desert (from September through May) and taking a vacation during the hottest summer months—some going to the mountains, some to the seashore and others just traveling.

Take the "Ole" Olsens for example. They have a lovely home in Brentwood and another on Long Island, New York. They built a small two-bedroom house at Palm Desert in 1948 and the first winter, occupied it three or four times. Then Mrs. Olsen decided she really liked the desert—the quiet, peaceful atmosphere, the warm sun filled days and the cool evenings. Besides the climate, all the children and grandchildren loved the desert and had so much fun riding horse-back, swimming, barbecuing, etc. So in 1950 they leased the big Brentwood home to the

Carl Sandberg to be Subject of Club Discussion

The name Carl Sandberg is synonymous with the roots of America and no doubt will live with Americans as the name of Walt Whitman has.

Yeaton, section chairman presiding. Mrs. Ford is well qualified to speak on her subject and the poetry section luncheons, held at the Club house are one of the popular functions of the club.

Plans for Woman's Club Fashion Show Progressing

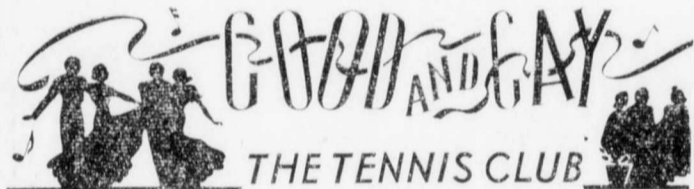

Plans for the annual Fashion Show were enthusiastically developed at a board meeting of the Palm Springs Woman's club last Monday morning. Mrs. Wayne Wilson, in charge of the affair reported that the theme "A World Cruise" was being carried out on the ship named "S.S. Palm Springs" which would leave the dock after a continental breakfast at the clubhouse Jan. 23, and take the audience through a showing of varied attire suitable for taking in their own trunks when they make one of the popular tours.

She said that Mrs. John Lapp, Mrs. Chester Morten, Mrs. Fred Watson, Mrs. W. C. McBride and Mrs. Charles Glass have been collecting prizes which have

been donated and are on display in the three participating stores, Bullocks, Desmonds and Robinsons.

Club members are also selling tickets for the morning and afternoon shows. The tea, which follows the show in the afternoon will be one of the main features, and the table decoration will be a ship of flowers arranged by Mrs. Pat Morton. Proceeds from this annual event go to the scholarship fund from which a \$600 award is given to a Palm Springs senior each graduation day to be used in any college he may pick.

Groucho Marx, famed member of the Marx Brothers, has been vacationing at the Racquet Club.

By LADY LOBELIA PUNCTURE WEED

We were intrigued to note in our distinguished contemporary, the stodgy old Palm Springs News, that the column written by Priscilla Chaffey, Around Palm Springs in Six Minutes, was NOT in the paper. Imagine that? Nothing trivial, we trust. As a matter of fact we saw the worthy soul tossing off a Martini at the Tennis Club the other evening with the Pasadena socialite and yachtsman Thaddeus Jones, and we went right up and asked her WHY? She said she forgot to write it, which is probably a bare faced lie.

The Fashion Show luncheon was entirely divine with one of the models doing a strip tease—really—right down to her bikini! And leering with banjo eyes from the stag table was Groucho Marx, making more comments than the commentator—at the stag table, Dr. John Costello, Ernie Pagano and various other winter colonists taking in the hand knits—and liking every minute of it. It was a Diane of Beverly Hills show, quite a deal, and packed to the last corner of the Bougainvillea room.

Among the feminine contingent were an enthusiastic group at a no-host table which included Mrs. Homer McKee, Mrs. Edward Maggard, Mrs. Dorothy Hoover (looking smart as any model too) Mrs. Mahlon Manson, Mrs. John Lapp, Mrs. C. S. Ellertson, Mary Bedford Jones, Mrs. Frank Camp, Mrs. Carl Lykken, Bill Talbot and his pretty wife were a duo, he going overboard on three dresses for the girl. Joan McManus, was about, chipper as a linet, probably the most perfectly blond, blond in town.

OTHER THINGS

Cutest thing around the club for the past couple of weeks is Beatrice Kay—in private life, Mrs. Sylvan Green. She and Mr. Living in the bungalows. Nobody says "boo" to her before three in the p.m. because of how after she finishes her show at the Chi-Chi and has a late snack with papa, then she reads for a couple of hours to get calmed down for her night's sleep. They were taking pics of her the other day with Jack Dempsey, a case of the biggest and the littles in the genus homo. Frankly, Jack Dempsey makes us feel just like the models in the hand knits did for Groucho Marx—we're probably bluffing too. Also there was a guy at the bar that day who had been in to see Walter Wanger about something, but his secretary very hoity toity and says, "I'm sorry, sir, Mr. Wanger isn't shooting today."

OTHER THINGS

Honeymooning in the bungalows and looking decorative and happy and beautiful around the

McGoverns to Benefit Ball Return to Village Feb. 1 Aids March of Dimes

Word was received by friends here this week that Mr. and Mrs. E. B. McGovern of Seattle, regular winter visitors for many years, will be back in Palm Springs February 1. They have leased a home at 1180 via Monte Vista for the remainder of the season.

Mr. and Mrs. McGovern are in Atlantic City this week to attend the National Food Brokers convention which starts Saturday. While in the east they will visit New York and Washington, D. C. as well.

They will return to the west via New Orleans and San Antonio, Texas, visiting their son, Bert, who is on active duty with the air force, at the latter city. Their daughter, Maryann, is now on a South American cruise and will join them here in mid-February. Another daughter, Mrs. Bob Whitaker of Beverly Hills will also join them here.

Mrs. Judson Rives is Back on Desert

Mrs. Judson Rives, who sold her estate in Merito Place last season, under the illusion that she preferred her penthouse apartment on Wilshire boulevard to Palm Springs, is back in the desert and is in residence at Howard Manor.

Cause of the March of Dimes was advanced materially Monday night in the first of a series of three benefit dances staged for the campaign in the Palm Springs district.

Entertainment was provided by the Duncan Sisters, currently appearing at the Saddle and Siroloin, Ken Clark, pianist, Mar-

ilyn Miller, tap specialist, Gene Rivers and Baldy Yaeger, in western music.

Next Monday night a benefit for the March of Dimes is slated for the Tennis club, Col. C. E. Fox, area director for the March of Dimes said. He urged patrons to procure their tickets early.

Two More Vancouver People Join Colony

Los Compadres members turned out in full force Sunday night to enjoy a steak dinner at the clubhouse.

Club president, Elmo Purnell cooked the steaks over the charcoal broiler. Clara Woodman prepared the salad, and Carol Brill, a new member, took charge of the potatoes.

Elmo and Ann Purnell had as their guests Mr. and Mrs. A. L. Stapley.

Welcomed back into the club after an absence of several years were Libby and Lynn Davidson. Others enjoying the evening were Tex and Esther Driskell, Billie and Huteh Mosley, Art and Frances Brudwick, Joe and Alice Butler, Perry and Mildred Sanders, Jimmy and Shirley Cooper, Cliff and Corrine Campbell, Ely and Ora Windhurst, Fred and Patsy Ross, Bill and Helen Moore, Dottie Higgins, Bud Holderman, Jack Suphten.

Round Robin for Tennis Players

Tennis players not quite up to the 15th annual invitational standard, will stage a social round robin during the tournament so that they will be in the swim but not in mid-stream where the water is so swift. Tournament play and round robin play starts today on the courts of hotels and private clubs, with finals Sunday at the Tennis Club.

Among those who will play in the round robin group are Mr. and Mrs. Alphonzo Bell, Jr., Mr. and Mrs. William Doheny, Mr. and Mrs. Bill Hornstein, Mr. and Mrs. Victor Montgomery, Jr., Mr. and Mrs. Harold Mosier, Mr. and Mrs. Robert O. Denny, Mr. and Mrs. Harold Hicks, Vin Fotre, sr., Glenn Austin, Ralph Kiner, and various other good Village players and visiting statesmen.

After being Villagers for a number of years, the S. Earl Hendersons moved this week to their recently purchased ranch near Thousand Palms, known as the Bell Ranch, and are occupying their attractive adobe house. Horseback riding is a favorite diversion of Squire Henderson and Mrs. Henderson, a former San Franciscan, may add riding to her many activities, now that they are living in the country.

Recent house guests of the Robert B. Kenastons include the Gwyn Redweins, Hollywood, and the Neil Duchels, from Redwood. The Kenastons divide their time between their Pacific Palisades and their home on San Lorenzo. Mrs. Robert Turner came from Peoria, Ill., this week to visit her sister, Mrs. Addison (Frances) Hoof, at her home on Avenida Palo Verde. The two will be included in a theater party at the opening of the Playhouse Tuesday. Later this winter Mrs. Hoof and her visitor will make a trip to the Hawaiian Islands.

Shortly after the H. F. Johnsons arrived at their Village home they made plans for a fishing trip to Chile and while in South America they will visit some of Peru's ancient ruins. The Johnsons, who are from Racine, Wis., will return here late in February.

The Thomas Flemings were joined this week by their son, William C. Fleming, a non commissioned reserve officer in the U.S. Army. He is en route to Seattle and Japan, for his second assignment to foreign duty. The Flemings are Chicagoans and are taking an active part in winter colony doings while occupying their new home here. Wednesday the Flemings went to Thermal to attend the party given by the Dan Dunlaps at their ranch home and later this week they will accompany the Dunlaps to their Long Beach home for the weekend.

While in the Village on a short visit, the Samuel Kraenfers of Placencia have been staying at the Town House and having reunions with some of their Palm Springs friends.

House guests of the Charles E. Beckers are the Francis J. Budingers, Chicago, and Mr. and Mrs. George Landis, Altadena. The Beckers who live on San Lorenzo, were joined recently by their daughter, Carolyn, who came from Springfield, Ill., their home city.

The Palm Springs Area Souvenir Yearbook is selling the wonders of this desert area. A prime example is the Arnold Liveness of Kansas City, recently vacationing in Los Angeles with no plans for visiting the Palm Springs area. They enjoyed the beautiful pictorial map of the whole area, along with the chapters on the City's History, Palms and Historic Canyons, Local Indians, Salton Sea, Date Palms, Scenic Trips and Guide to Movie Stars Homes.—Adv.

the nickel if call is not completed.

Generally speaking, complaints were slowness in getting phones installed.

SLOWNESS IN SECURING the attention of an operator; crowded party lines and inability to get private lines installed at any price, was a major grievance. Lack of accuracy in charges was cited. A general confusion of voices and buzzings in the local service was a frequently voiced complaint as were telephones that do not ring at all.

Jack Crommelin of Smoke Tree

Ranch, after voicing a number of complaints in his own behalf, read a letter from wealthy winter resident Carl M. Stolle who purchased a new home in Las Palmas last season.

Stolle said, "I have traveled this country carefully over a number of years. Palm Springs has the poorest telephone service I have ever encountered in the entire United States. From the viewpoint of a business executive, it is intolerable."

Generally, the two telephone officials had little to say in answer to the service com-

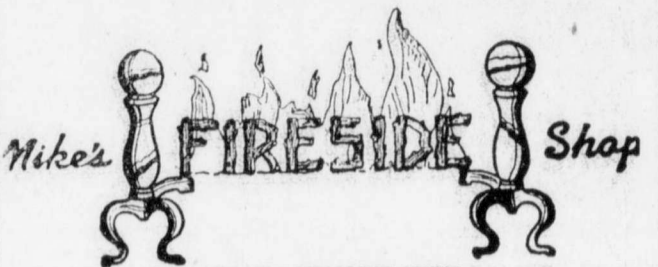

plaints. Nash hoped to have service straightened out in the Rancho Mirage area within 30 days.

If the budget is approved for next year, Fisher said service in Las Palmas residential area would be improved.

FAMOUS QUARTET—The Mills Brothers acclaimed on two continents will occupy the featured spot in the Starlite Room with their opening appearance tomorrow (Friday) night.

Famous Mills Brothers to Start Tomorrow at Chi Chi

You've heard them on the radio and played their recordings and you have seen them in motion pictures and read about them in newspapers.

Now you are going to see them in person here in Palm Springs—the Mills Brothers, hailed as the finest quartet in this nation and abroad.

The "four boys and a guitar" will step out on the stage of the Starlite Room of the Chi Chi for their first appearance in Palm Springs at approximately 9:30 p.m. tomorrow.

THE QUARTET will feature all their best known songs. Five million of their records was sold by Decca, so many of their tunes will be familiar to many in attendance.

They are well known to many southern Californians who have heard them at famous night spots in Los Angeles and San Francisco. In addition to star billing in every well known theater and night club across the nation the Mills Brothers are the favorites of England and the Continent where they played long engagements to a point at one time when they were

almost forgotten in their native land.

WITHOUT A DOUBT they will sing "Paper Doll" which the quartet made famous and incidentally Decca sold 1,750,000 of recordings of that song by the Mills Brothers. The boys are responsible for the sale of more than 5,000,000 records for the same recording company.

Tragedy struck the original quartet combination when the four brothers returned from England several years ago with the acclaim of Europe still ringing in their ears.

BROTHER JOHN stricken with pleurisy in England developed pneumonia on their return to Ohio and died. The other brothers, Harry, Donald and Herbert notified radio network officials to cancel their contracts when the father, John Sr., stepped forward and decided to take his dead boy's place.

Since then the quartet has attained its greatest success and there are many in the Village who are eagerly awaiting the appearance of the Mills Brothers in the Starlite Room judging from first night reservations already made.

Famed Duncan Sisters to Close Engagement Tuesday

Patrons of the Saddle and Sirloin, who have returned night after night to hear them, have only a few more days to swing down Memory Lane with the fabulous Duncan Sisters.

Dave Lyons, owner of the popular establishment, announced yesterday that the two entertainers have been held over, "perhaps until after Tuesday," he said, when they leave for Las Vegas and another engagement. Audiences night after night in the Brand Room of the Saddle and Sirloin seemingly applaud the two sisters after each performance until their hands must ache.

Their performance of Topsy and Eva from the show of Uncle Toni's Cabin, Broadway musical show of 1923 brings the "house down" every night. "It's a terrific show," is the comment heard on all sides.

Coachella Valley Savings, Loan Has Big Growth

Another year of growth for the Coachella Valley Savings and Loan association was reported by Bill Smith, president, in his annual statement received Monday by the directors of the institution. Total assets were \$1,697,126.07 at the close of the year; total savings had gone up to \$1,278,132.70; and the number of homes financed during 1951 was 96.

The year's activities were reviewed by Smith in the light of their bearing on the fight of the entire country against heavy inflationary pressures.

HE POINTED out that increased personal savings are one of the principal ways to fight inflation, and that the net gain of \$834,266.00 last year in savings invested in the association represented that sum withdrawn from immediate spending, thus helping to preserve the stability of the dollar.

Cooperation of the association with the voluntary credit restraint program of the federal reserve system was cited in the institution's report as was the care which the association exercises with regard to down payments.

"REAL ESTATE prices and building costs are at dollars-and-cents levels which have not been seen before in our memory," he said. "Should real estate lending in such an era depend on good personal risks for borrowers as well as on the property."

Smith said that the families who want to build the more expensive homes may face some delay or even postponement this year, because of stringencies in critical materials, but that 1952 should see substantial amount of modest home building all over the country.

First Suit Filed in Judicial Court

First suit to be filed in the Justice Court of Palm Springs new judicial district was filed by Attorney Leonard Bock representing Desert Bank. The action is on a promissory note in the amount of \$383.

The jurisdiction of the new court is upped from \$300 to \$500 litigation.

Advisory Planners to Meet Wednesday

January meeting of the Coachella Valley Advisory Planning Committee will be held at the Cathedral City Town Hall next Wednesday, at 7:30 p. m.

Committee President Clarence Washburn, Indio's mayor will preside. He has issued an invitation to the public to attend.

Lone Motorist Dies in Accident

A lone motorist, J. H. Jeffries, 38, of Los Angeles was instantly killed on Highway 111 about a mile north of Palm Springs when his car overturned Tuesday afternoon. Jeffries was driving toward Palm Springs from Los Angeles. Investigating officers believe the elderly driver may have suffered a heart attack which caused him to lose control of the car as there was no blow out or other mechanical difficulty evident in the wreck. Jeffries' business address is given as 2652 North Figueroa street, Los Angeles, where he was in the building and real estate business.

The body was taken to Wiefels & Son Mortuary where arrangements were made to ship the deceased to Los Angeles for burial.

Palm Springs Gets Part of Big Storm

Palm Springs and the desert area in general received the edges of a flooding low-lying coastal areas and blocking mountain highways with deep snows.

Cities Map Plan for Closer Work With Counties

City Manager Russell Rink attended an executive meeting of the League of California Cities at San Bernardino last Friday.

Chief item of business was the appointment of a committee of three in each county to attend supervisory meetings to assist board members in a better understanding of the needs of incorporated cities with respect to county expenditures.

In Riverside county, the three-

man committee will attend Monday's supervisors' meeting and thereafter one member of the committee will be at each board session.

Aim of the move is to promote a new era of understanding and cooperation between the cities and the county.

Russell Rink, city manager of Palm Springs, attended the board session as a member of the committee.

NATION'S LEADING PROS TO PLAY AT THUNDERBIRD

Pro-Amateur Tournament to Start Next Week With Greatest Array of Talent Ever Listed

Next Monday and Tuesday at 9 a. m., the largest galleries of golfing fans are expected to be on hand when the first of 22 of the nation's topmost professionals tee off in Thunderbird Ranch and Country club's first 36-hole pro-amateur \$5,000 tournament.

The event, in the opinion of many followers of the game, will slip Thunderbird into an enviable spot among the topmost golfing plants in the nation.

AT THE SAME TIME members and executives of the organization are tipping their hats in the direction of Jimmy Hines, pro at Thunderbird, and other hard working members who arranged the tournament.

Incidentally, the winner of the Pebble Beach tournament, Jimmy Demaret, will participate in the play at Thunderbird.

Milt Hicks, the big boss of the tournament announced yesterday the inquiries about the tournament are clogging the switchboard at Thunderbird "and from the looks of things a large crowd is expected."

FRANK BOGERT, manager, announced that plans for handling the largest crowd ever to follow a golf tournament in the Palm Springs area has been arranged and "we expect to take care of everybody to their satisfaction."

Among the notables of golf-dom who have signed for the tournament are:

Holder of Many Titles Arrives Here to Assume Duties at Newest 18-Hole Course to be Opened for Play Next Month

Ben Hogan, "Mr. Golf Himself" has been named golf professional for the new 18-hole Tamarisk Country club here according to the announcement made today by M. O. Anderson, president of the club.

Hogan who arrived in Palm Springs from his Fort Worth home yesterday to meet with club officials said his decision to take over the professional job was based on his belief that "the course will be one of the finest in the country."

THE CURRENT HOLDER of the U. S. open and The Masters, Hogan is regarded as one of golf's all time greats, whose decision to come to Palm Springs will go far toward pushing the resort to the winter golf capital of the world.

Hogan will spend each season in Palm Springs. He is due to move here February 1 for the Club's early February opening.

According to Hogan he will "continue to compete in a limited number of tournaments as I have in previous years."

Counterpoint, Hill Prince to Run Saturday at Santa Anita

Cornelius Vanderbilt Whitney's Counterpoint, voted champion horse of 1951, tops 27 nominations made for the \$20,000 San Fernando Stakes and Christopher T. Cheney's Hill Prince, acclaimed best handicap horse of 1951, is among 29 made eligible for the \$25,000 San Carlos Handicap, the two big features at Santa Anita next Saturday.

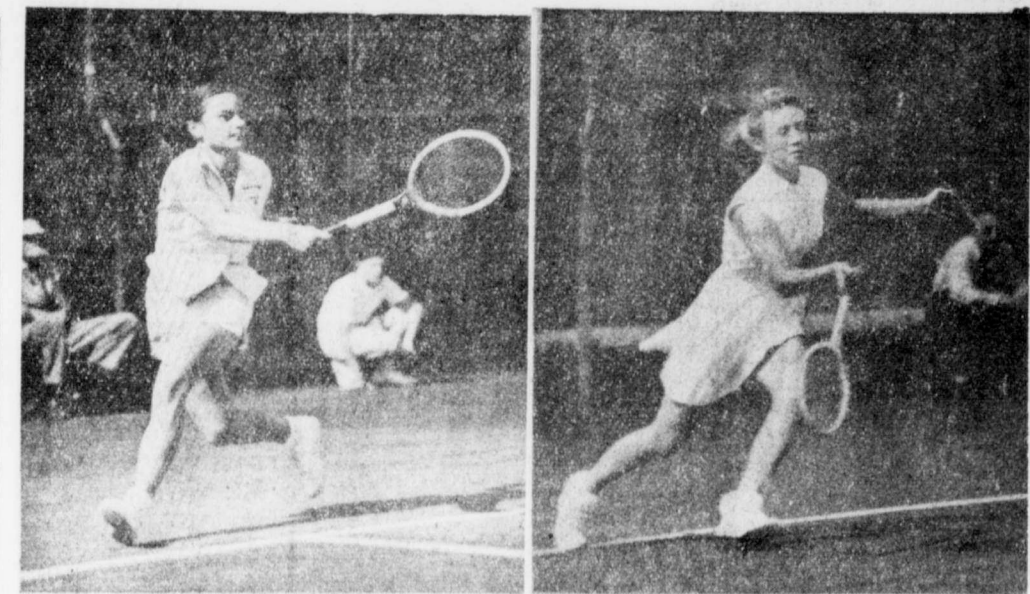

It will be the first starts of the meeting for the champions and a banner gathering is expected to see how they perform as they point for the major fixtures coming up.

THE SAN FERNANDO at 1 1/16 miles has attracted eligibles and prospective supplementary nominees for the 5th running of the Santa Anita Maturity on Feb. 2, with a gross purse that promises to equal, if not surpass, last season's all-time, richest-in-the world \$205,700.

Counterpoint with Dave Gorman up is the pre-race favorite but will be meeting stiff competition in Big Stretch, Intent, Phil D., Count Turf, Sickle's Image and other notable four-year-olds.

THE SAN CARLOS at seven furlongs is Santa Anita's top-ranking all-age sprint and Hill Prince has a tough assignment in meeting some of the country's best speedsters. Eddie Arcaro will be his pilot. He will have the help of his star stable-mate, Bryan G.

Eligible to start are Guillotine, Northern Star, Mico, Bo Fleet, Admiral Drake, Sturdy One and several of those also entered in the San Fernando are likely to go. This is a speed tune-up for the \$100,000-guaranteed Santa Anita Handicap, which is scheduled for its 15th running on March 1.

It was an overtime contest and a hot one with Palm Springs trailing 24 seconds before the final gun. Then they knotted the count and the overtime play was on.

Phillips of the Indians netted a basket for the only two points scored in the overtime portion to give him the 31-29 victory.

Gay 90s Return to Palm Desert

Horseless carriage races in the afternoon and a rousing Gay 90's party with "grand prix de vaudeville" acts in the evening is the big-time, fun-time scheduled at the Shadow Mountain club, Saturday.

Lindley Bothwell, president of the Horseless Carriage Club, an aid national group of rabid collectors and authorities on the subject of ancient cars, has again arranged to bring out a large number of his members for a parade and races on the track at the club's new arena. Vintage 1902-1920, horseless carriages included in the collection will be Barney Oldfield's famous old Benz, a Fiat Portofino, Mercer, Rambler, Overland, Rolls Royce, Studebaker, Pierce Motor-ette and Model T. Fords, among others. Refugees from museums, they all run, and fast.

In the mood of the era of old-time cars, the Gay 90's party in the evening stipulates dress-up in the costumes popular at the turn of the century. Copy capering of amateur talent, music by a "shaggy symphony," so described by Cliff Henderson, club founder, and other hilarious acts garnered amongst members and motorcar group, will add up to some surprisingly good entertainment, and a world of laughs. Ole Olson will be the honorary producer. Musical direction by the Todd's Trio.

Cousin Club at Angelo's Inn is Growing Rapidly

Hi! Ya, Cousin! is the salutation of the not-so-secret "Cousin Club" at Angelo's Palm Desert Inn, popular dining rendezvous in that community. Conceived by Tony Pacella, like Topsy, the "club" has grown to sizeable proportions and a coterie of hundreds of regular patrons now address one another as "cousin" whenever they are inside the premises. Failure to do so brings a "fine" to the offender.

A big free barbecue will soon be held for all "members" in "good standing" at a date to be announced shortly, according to Pacella, co-owner of the business. Angelo's Palm Desert Inn features Italian-American cuisine which many connoisseurs find excellent. A party comprised of Cousin D'Angelo, Rome, Italy, and his wife Eugenie, together with her parents, Ruth and Mervyn LeRoy, Eleanor Parker, Bert Friedlob, Tony Martin and Syd Charisse were recent diners, hosted by councilman Jerry Nathanson, Palm Springs.

May organization parties were held there during the holidays, including the Cathedral City Women's Club, Radio Branch of the Bank of America, Southern California Date Growers Association, Indio Rancher's Market, and others.

Prevention is Best Cure

IT IS SAID that serious accidents must occur before highway authorities will take preventive measures such as speed limit zones. While this is not likely the rule, it is true that steps are taken after re-occurring accidents in localities where proper safeguards have not been provided.

For more than a year now it has been the contention of residents of Palm Desert that a restricted speed zone on Highway 111 through the nearby desert community is badly needed. Rapid growth of the Palm Desert residential section, together with many new business establishments along the highway has brought about a traffic hazard that has caused considerable concern on the part of residents of the vicinity. The fear of a serious accident has been ever present in their minds.

The inevitable accident happened there last week and four persons lie seriously injured in the Desert Hospital here as a result of it. It is believed that the driver of the car turning into the highway took ordinary precautions, but the speed of the car coming along the highway (even though not in excess of the legal limit) made it difficult to enter the highway safely.

Now that the warning has been sounded, it is hoped that state highway authorities will give serious consideration to a restricted speed zone through Palm Desert. There has been sufficient growth in the locality to necessitate some prompt action.

Perhaps members of the State Highway commission who are meeting in Palm Springs today will be driving through Palm Springs and can observe for themselves the need for protection of residents—specially children—along the state highway there. While such action is likely taken only on the recommendation of highway safety engineers, here is the opportunity for the commissioners to see the need for themselves. We hope they will.

Descendent of Fargo Takes After Shade of Black Bart

The shades of Black Bart, California's scourge of Wells Fargo in the days of bandits and bullion had better watch out! The direct descendant of William G. Fargo has swooped out of the Hollywood Hills to the heights of Palm Desert and is prepared to maintain law and order in the best tradition of old.

Young Fargo Rosseau, ten-year old great-great-grandson of William G. Fargo, another "hillman," from Pompey Hill, back of Syracuse, and co-founder of the famous Wells Fargo Company in the early fifties of the 19th century, is re-living in youthful imagination the saga of the early West his progenitor helped establish.

Hollywood's Fargo has had his first taste of desert life and with all the spirit of an untamed bronco, loves it. In only a matter of hours, he joined the Palm Desert Raiders and was riding off to the hills; conjuring perhaps, visions of the adventure-some business of his forebear that ran the gamut of pony express, stage coaches, highway-men and staid banking.

With his parents, Mr. and Mrs. William Rosseau, Hollywood radio and TV producers, and his older sister, Patricia, Fargo is spending his weekends in residence at the Shadow Mountain Terrace; that is, when he is not off riding. His sister, 12 years old, and somewhat more reserved in her enthusiasm, also belongs to the Raiders.

Motorists were reminded today by the Automobile Club of Southern California that sums paid for state gasoline taxes may be deducted in filing 1951 Federal income tax returns. The deduction covers the gasoline taxes of 4½ cents a gallon paid since Jan. 1, 1951. Federal gasoline taxes are not deductible.

Motorists without accurate records of the amount of gasoline purchased during 1951 may justify a deduction based on a record of miles traveled divided by the average number of miles the car runs per gallon.

However, the Auto Club warns that the burden of proving this deduction is placed on the taxpayer. Where the gasoline tax deduction is estimated, taxpayers should have evidence to prove miles traveled and gasoline consumption per mile.

Motorists with oil company credit cards can easily determine the amount of gas tax paid during 1951.

Motorists without accurate records of the amount of gasoline purchased during 1951 may justify a deduction based on a record of miles traveled divided by the average number of miles the car runs per gallon.

However, the Auto Club warns that the burden of proving this deduction is placed on the taxpayer. Where the gasoline tax deduction is estimated, taxpayers should have evidence to prove miles traveled and gasoline consumption per mile.

British Industrial Leader Visitor in Palm Springs

Sir William Rootes, a leader in the automobile industry of Great Britain, and Lady Rootes came to Palm Springs last week for a brief respite from his tour of the country, to make a survey of business relations between the United States and Great Britain.

During World War Two, Sir William was chairman of Great Britain's Supply Council and now heads the Dollar Exports Council of British Motor Manufacturers, also chairman of the Rootes Group, makers of the Hillman Minx and other small British cars.

"WHAT WE ARE trying to do is to find ways to earn more dollars in Great Britain because our country cannot purchase goods from America unless we can produce dollars," says this British industrialist.

"Two way trade between our nations is vital to both countries and can be sustained only by British trading in the United States, which provides us with the dollars to spend in this country for consumer and other goods," avers Sir William.

ALTHOUGH THIS is the first visit of Sir William and Lady Rootes to Palm Springs, it is his 51st trip to this country. "We are charmed with this section of California and when free trade is established in the world, and currency has become more mobile, we look forward to coming back here for a longer visit," he says.

Sir William is a long-time friend of Raymon Loewy, an automobile designer of international note, who has a winter home in Palm Springs, where the Rootes stayed. The Loewys are not here yet but are expected later this winter.

WHILE HERE Sir William and Lady Rootes have been entertained at the Tennis Club and also the Racquet Club, and have visited various other places of interest in this area.

When they leave California they will visit cities along the Pacific Coast and in Canada and also will spend some time in the East before they return to Europe. The British visitors live in Glenalmond, Perthshire Scotland, but business makes it necessary for him to spend much of his time in London.

Dr. and Mrs. Thomas Piden have returned to their home in Hidden Springs, after a visit with friends in Laguna Beach.

Bank of America Officials Rally at Red Hill Club

Officers of 22 branches of Bank of America gathered Monday at Red Hill Country Club, Upland, for a fellowship dinner and to hear an address by Walter E. Bruns, vice president. Bruns is the head of the bank's governmental relations department, and will come from San Francisco to make the address.

Attending from Palm Springs were Jerry Mitchell, Harold West, Ed Thompson, Al Bonham, Jack McCoy and Fred Ingram.

The group of bank men, known as the San Bernardino - Riverside counties officers group, meets periodically to discuss economic trends, banking practices and other subjects of interest.

Officers Installed by Odd Fellows

Officers for the ensuing year were installed by the fast-growing I.O.O.F. of Desert Hot Springs at a joint ceremony last Wednesday night.

Desert Lodge 49 and Verbera Rebekah Lodge 407 participated in the double installation.

Assisting were Deputy Grand Master Howard Keener of Redlands and District Deputy President Gladys Lyman of Beaumont. Both paid tribute to the activity of the DHS Odd Fellows in furthering the helpful purposes of the organization.

Those installed for Desert Lodge 49 were: Sam Davis, noble grand; Dewey Carson, vice grand; Stone Wright Jr., secretary and Jess Spenson, treasurer. For Verbera Rebekah Lodge 407: Lulu Gaughman, noble grand; Jessie Hammer, vice-grand; Mame Covey, recording secretary; Betty Wright, financial secretary; and Marilyn Farmer, treasurer.

The installation was in V.F.W. Hall.

Zoning Plan Ready

Tyler Suess, Riverside County Planner, was the principal speaker at the regular monthly meeting of the Cathedral City Chamber of Commerce last week. He said that the zoning map and ordinance covering the unzoned areas between Palm Springs and Palm Desert was nearly ready for presentation to the board of supervisors.

The proposed ordinance would effect about 175 square miles around Tramview, Cathedral City, Rancho Mirage and Palm Desert. Suess also discussed the various proposals that have been made for some kind of a minimum building code for Riverside County. He pointed out that there are only one or two other counties in the state besides Riverside which do not provide some kind of a building code. He said that a building code is not a restriction on anyone except the careless or dishonest owner or builder and that it furnished protection to all property owners in securing more equitable property taxes.

The question of collecting payment for Broadway curbing from the few highway frontage owners who have not paid was discussed. The finance committee chairman pointed out that the Chamber of Commerce has had to dig into its reserve to pay the bill and as a consequence is forced to forego much needed improvements and development at the Town Hall and Sunair Park.

The question of street repair and improvement was considered and the secretary directed to make a request through the Coachella Valley Advisory Planning committee with copies to County Road Commissioner Keith, Supervisor Homer Varner and the Riverside Associated Chambers of Commerce road committee.

Suess also stated that he would personally make an attempt to reach a satisfactory settlement concerning the complaints of property owners on North Cathedral Canyon Drive about the Hicks and Allred concrete mixing plant operations. He stated that under certain conditions the zoning laws could apply, but that the laws are not retroactive and therefore a study would have to be made of the situation.

A special meeting of the board of directors was called for this week to make plans for the annual Cactus Jumpers Jamboree which will be held this year on Saturday, March 29. Director Claude Cobb said that as the Chamber is at such a low ebb financially that extra and early

Club Fashion Tea

Cathedral City Women's Club is again staging a fashion tea at the Wonder Palms Hotel, Wednesday afternoon, January 23 at 2 p.m. The many that saw the event last year are eagerly looking forward to the date, and from the interest evinced from those who did not see last year's show a large crowd is expected. The Fashion Tea is primarily a money raising event, proceeds going to several of the philanthropic schedules the club carries, mainly the cancer fund and the March of Dimes fund.

All who see the show not only are having the pleasure of the lovely fashions and entertainment, but are donating to a good cause, points out Mrs. LaVerle Ring, chairman for the afternoon.

The Desert Aire Dress Shop and Scott's House of Western Wear are the two stores featuring the fashions being shown. Casuals, day time and play time clothes will be shown by Desert Aire, and the latest in western wear by Scotts. There will be no professional models in the show, only members of the club and friends, which helps to make a pleasant informal party.

Mrs. Paul Clark will again officiate at the microphone. There will be entertainment interspersed throughout the afternoon to add to the interest. Ted Kidwell, the singing cowboy will entertain. There will be a repeat of last year's water ballet under the leadership of Moya Henderson, physical education director of the Palm Springs High School. The Sand Fleas Three will entertain with their original impersonations. This group consists of John Sabin, Break McKinley, Eddie Knupp, and Rol and Summit as commentators. Tea will be served at the close of the show. Club members are invited to bring friends.

Dinner for Scouts

Cathedral City Boy Scouts were treated to a potluck dinner, given by their parents and committee men of the Cathedral City Lions Club, the sponsoring organization. More than thirty scouts and cubs were entertained and forty adults were in attendance. Cub Scout Den Mothers, Mrs. Frances Woody, Mrs. Wilma Gordon and Mrs. Florence Phelps were introduced by the newly appointed cub master Don Hamilton. Mrs. Jackie Martin assisted by Mrs. Edna Cobb. Mrs. Wilma Gordon and Mrs. Lavina Krings was in charge of the bounteous dinner arrangements. Lion committeemen in attendance were Claude Cobb, chairman of the Lions Boys and Girls Work Committee, Lion president John Danchak, and Lion zone chairman Paul Clark. William Larson, assistant scout master of one of the Palm Springs Scout troops presented a scout moving picture. The Scoutmaster of Cathedral City Scout Troop 81, Mr. C. H. Mitchell and Mr. Cobb were in general charge of the affair.

At Lions Club

Speaker of the evening at the Cathedral City Lions Club last Thursday was Dr. E. M. Whitehouse who gave an interesting off-the-cuff reminiscences of more than twenty years in the lecture field. He apologized for bringing up a controversial subject, as he said he knew it was against club regulations but he just had to take a swing at the present administration. Announcement was made that Thursday January 21 would be celebrated as Ladies Night. The event will be staged at Angeles in Palm Desert. Members are expected to bring their wives and friends are

Model Camp

The public is invited to attend an exhibition model camp to be staged by Cathedral City Scout Troop 81 at Sunair Park next Saturday January 19 at 1 p.m. Scoutmaster C. H. Mitchell states that the boys will gather at the Park at 9:30 a.m., set up camp, be inspected and prepare lunch over their camp fires. Cathedral City residents and all others interested are urged to attend, says Mitchell, not only because of the interesting camp but also because this very worth while effort to train the younger generation in manhood and American ideals needs the support of the public at large.

Canadian Rally

Neighbors and friends from Angus and Conaught Drive in Vancouver gathered with the W. R. Hewitsons last week for a get-together. They were Mr. and Mrs. John R. Church, Mr. and Mrs. Robert A. Sanderson, Mr. and Mrs. Gordon C. Cummings and Mr. and Mrs. Angus T. Wilson all of Vancouver and old friends of the Hewitsons. The Churchs and Sandersons are leaving soon for San Francisco and on to Toronto, Montreal and Ottawa before returning to their home in Vancouver. House guests from Vancouver expected soon at the Hewitsons are Mr. and Mrs. Allan McGarvin desert lovers of previous years and Mr. and Mrs. Edward Simmons on their way to the Bahamas.

Bell for Church

A bell for the Cathedral City Community Church! In contrast with "A Bell for Adano" it was a very simple matter for the local church to acquire a bell, said Rev. Graham Hunter, pastor. In 1937 when the Cathedral City Town Hall was built by the Chamber of Commerce the city of Banning loaned a big fire bell for use of the volunteer fire department. The bell for many years was perched atop the Town Hall which also housed the volunteer fire truck.

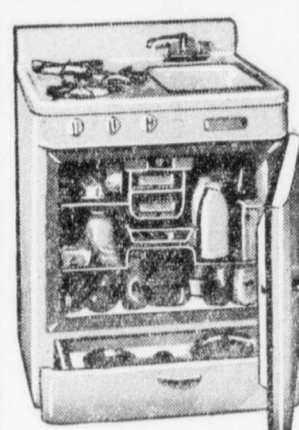

When the State Forestry Department took over the fire protection in this district, the truck was moved to the new fire hall which, incidentally, was bought and is being paid for by the Cathedral City Chamber. A fire siren was installed there so that

several years it has been reposing in a vacant lot beside the Town Hall. It had been the intention of the Chamber to use the bell in some sort of monument at Sunair Park. On request of Rev. Hunter the bell was graciously loaned for use of the church.

Rev. Blonden to Assume Pulpit at St. Paul's Church

The Rev. William A. Blonden, Jr., assistant to the Very Rev. John N. Krumm, D.D., of St. Paul's Cathedral, Los Angeles, has accepted the call to the rectorship of St. Paul's in the Desert, Episcopal church, Palm Springs. It was announced this week.

He will take up his new duties here on February 1, succeeding the Rev. Robert M. Hogarth, whose resignation is effective at the end of this month.

REV. BLONDEN was born in Pomona and graduated with high honors as a chemistry major from Pomona College where he later took his Master's degree.

At the end of the war during which he served with distinction, he made his decision to enter the Episcopal ministry, declining an offer of a fellowship at John Hopkins University.

He entered the Church Divinity School of the Pacific at Berkeley, graduating second in his class.

HE IS MARRIED and has one child.

The church recently purchased a rectory on North Avenida Caballeros where the family will make its home.

Rev. Hogarth, who built the church from a Mission to a parish, tendered his resignation last Fall and plans to take a long rest before making a future decision.

A Bible passage also from Proverbs (4:20-22) counsels, "My son, attend to my words; incline thine ear unto my sayings. Let them not depart from thine eyes; keep them in the midst of thine heart. For they are life unto those that find them, and health to all their flesh."

"We all must learn that Life is God," declares Mary Baker Eddy in "Science and Health with Key to the Scriptures." She continues, "Ask yourself: 'Am I living the life that approaches the supreme good? Am I demonstrating the healing power of Truth and Love? If so, then the way will grow brighter 'unto the perfect day.' Your fruits will
